Southern tour in a nutshell.

This southern tour took us right from the east to the west coast. Beginning in South Carolina, Katelynn was able to sing with us for 2 Sundays which was providential as Cathy suffered laryngitis. During that time God provided a moped for Katelynn (See picture on right) after her accident in November which totaled her car.

While we were in Florida this year we were able to have a week together with all of Cathy's family which was an added blessing after having travelled together for so many years.

We had a unique opportunity of taking part in an outreach at the Mardi Gras in New Orleans. Garrett and Lloyd had some interesting experiences while witnessing on the streets from 10:00 p.m. to 2:00 a.m. each night. An alcoholic and a turret card reader were among those touched with the gospel.

During an outreach in the projects some of the team members were able to rescue a girl being raped. Lloyd shared his testimony in the open air meeting while Cathy and the children helped distribute used clothes. The team was able to shed a little light in a very dark place. This neighborhood is one of the worst in New Orleans, even the police stay away from there after dark. After that weekend we all came away feeling challenged to be

more intentional about our witnessing. Lloyd had his opportunity the very next day while driving through Tyler, Texas. As we left a fuel station a distraught trucker flagged Lloyd down. After learning that his 6 year old nephew had been missing for upwards to thirty minutes Lloyd immediately began to pray with him that the boy would be safely found. Within five minutes a teary eyed trucker returned with the good report that his nephew was found! What a witness answered prayer can be. Some powerful seeds of faith were planted in that trucker's heart.

Katelynn sportin' a new ride... thank the Lord for His provision!

At one church a man seeking prayer shared with Lloyd a heart rending account of sexual and physical abuse. Lloyd watched with joy and wonder as the Lord erased the shame and pain carried by this man for 40 plus years. He was so grateful to have some one to open up to as he had never shared this story to anyone in his life. Lloyd's transparency somehow gave him the courage to bring this darkness to light.

Dear New Generation Ministry

On March 2010, the Lord brought you to our town. Our 38 year old son has been abusing drugs and alcohol for 20 years. His employer told him to take a 30 day furlough to get it together. He arrived last week. Today he went to church (for the first time in years) I did not know you were going to be there, but there you were. He realized that the Holy Spirit brought him to church at that precise moment. Praise God and You for all you do. Our Son is returning to the Lord.

Dear New Generation

My friend and I have prayed for her husband for 30 years. He came forward this past Sunday you were there for salvation. We've been on clouds ever since. He agreed to attend a men's bible study as well.

Later I (Lloyd) asked him what happened. His reply, I had a strong feeling that this was the time. I liked the message and committed my life to Christ.

.....

Lloyd, you have been on my heart lately, hope all is going well. We pray for you and your family!

I wanted to share something with you I read the other day that made an impact on me and made me think of what you said in your sermon about how we have to control our thoughts. Psalm 9:19 says; “Arise O Lord. Let not man prevail.” I read that verse and to

me it said: Arise O Lord, and let not the (evil) inner man prevail. I too struggle with daunting thoughts, maybe not on the same vein as you but thoughts that take me to a level unbecoming of a man of God. This text God gave me to remind me that HE is Lord and if we simply ask him to Arise, He will. I have noticed a definite difference in my thoughts as I give them to my Lord and He is taking on the burdens, lifting me out of the spirit of my evil inner man into a spirit of His holiness. I never could do it without him. That is why, I know, He tells us to be in His word daily, it is my life line!

In Christ, may you be blessed this day!

After praying with a man who had been struggling with porn for years he wrote,

Sorry for taking so long to send this, it's been crazy lately, but thanks for taking the time to meet up with me last week You definitely gave me some take-away ideas that are helping.

.....

One man told his pastor in Watsonville CA. I finally got it! The message helped me to get at least one of my chains off. What Lloyd said really **CONNECTED WITH MY SPIRIT!**
